CHICKEN HUSBANDRY & BUTCHERY WORKSHOP

Join us on the farm for a day of exploring raising and processing poultry for the table. Together, we'll walk through all aspects of chicken production from start to finish; including brooding, housing, feeding, pasturing, dispatch, processing and packaging. This is the essential workshop for anyone interested in raising a backyard or small-scale production flock. Each student will receive two chickens to process under the guidance of our resident feral woman farmer and butcher.

DETAILS

Price:

\$195 per student

Time Commitment:

Four hours; 12:00-4:00PM

Location:

Tollgate Farm Barn
901 Bendigo Blvd N, North Bend, WA
